I _____ am a financial member of NZDA Auckland Branch both at the time these photos were taken and when entered into this competition. I have read and understand the NZDA rules that apply to this competition and agree to abide by them. Refer to the Auckland NZDA website / Members section / Competitions.

Signed _____

IMPORTANT INFORMATION

Photo sizes must be 5 x 7 maximum (in line with national rules) Along with your photos please provide a usb memory stick with your entry's loaded onto it, please label this with your name in the same envelope you submit your entry form and photos, this will really help the club with content for our bt etc, this is not compulsory however if you win a category we will need a digital copy for the national competition as all winners are automatically entered free of charge and national require a digital copy. Note; don't get them sent to your email ashton it will be a major, only 3 high res images will work at a time in an email, some people enter 30 or 40 photos.

Make a new note; if your photo is not placed first it will not automatically be sent by the club to the national competition, so please feel free to enter them of your own accord, because photography is so subjective in the past some photos have not placed at club level but have got places or highly commended ratings at the national competition, so if you think your snaps have got what it takes call national office on 04 499 6163 and request an entry form or speak to us and we will help you source one, entering photos to national is approximately \$5 per category, national also have photo essays and other category's that auckland branch doesn't offer, to find out more visit <https://www.Deerstalkers.Org.Nz/resources/our-organisation/documents/>
